About me

I am a Google Certified Data Analyst and Computer Science graduate who transforms raw data into clear, actionable business insights. With a strong foundation in SQL and Data Analytics, I have hands-on experience in cleaning complex datasets, writing queries, and building interactive dashboards to convert raw numbers into meaningful insights. I aim to leverage my analytical skills to support data-driven decision-making in a forward-thinking technology team.

Education

Hazara University

BS Computer Science

Relevant Coursework: Database, programming, Networking, Management, Analytics.

Mansehra, PK

Oct, 2020 – Sep, 2024

The ATCOMS College

FSc Pre-Engineering

Mansehra, PK

May, 2015 – May, 2017

Projects

Production & Inventory Analysis using SQL

- Analyzed production and inventory datasets using SQL queries in Google BigQuery to identify stock trends, inventory performance, and operational insights for data-driven decision-making.
